

# A + BEE

## Hi scarecrows!

Welcome to Issue 28 of the A+ Bee! This issue has all the things you've been asking for, including the return of Laura & Luna and Tarot for the Fortnight. I hope you all are having the best Tuesday ever!

### Tarot for the Fortnight

by Beth

**Seven of Bows**  
Make a bonfire and burn everything you no longer need. By that, I mean outdated beliefs, relationships that no longer nourish you, junk you've been carrying

around. Put it all on the bonfire and watch the flames turn them to beautiful nothing, smoke, light, ash. Then, finally, you can focus on what's truly important.

ATTENTION

## MYSTERY-SOLVERS:

**SOLUTION:**

- WINGARDIUM LEVIOSA
- ACCIO
- CONFUNDO
- ALOHOMORA
- EXPECTO PATRONUM
- AVADA KEDAVRA
- FIDELIUS

**FINAL MESSAGE:** YOU ARE MY PATRONUS

# Meetup Recaps

Twin Cities Autostraddlers made their way to an apple orchard for some good, outdoor fun! Apple tasting, launching and picking were just the start of the activities.

There was also a sunflower maze, farm animals, and a wagon ride! A big thanks to Emily for organizing this fun meetup!

# Laura and Luna

These last three weeks with Luna have been the best of Laura's life, but that doesn't mean she should shut down her other options.

These last three weeks with Laura have been the best of Luna's life; she's been doing research and is ready to try that new sex thing.

Laura wishes she was watching Netflix with Luna instead of getting down to the sick beat in this club. At least Luna doesn't know...

Laura placed an ad for a "sexually adventurous gal pal" in the classifieds!
